

Stutter

Granger Smith

I-I, I ain't never seen nothing like
You, in your blue jean kryptonite
Oh my-my-my, girl you got my tounge-tied
I can't even talk straight (talk straight)
I'm all out lights, me, kiss, lips, yours
See what I'm tryna say
Woah, you got me stumbling, mumbling, fumbling my words like
Woah, yeah I'm tripping and slipping up girl
You're making me stutter
(Stutter, nah-n-n-nah, stutter, nah-n-n-nah)
Stutter
(Stutter, nah-n-n-nah, stutter, nah-n-n-nah)
Yeah you're making me stutter
(Stutter, nah-n-n-nah, stutter, nah-n-n-nah)
Stutter
(Stutter, nah-n-n-nah, stutter, nah-n-n-nah)
Good Lord, God really did a number tonight
Crickets cricking making music in the moonlight
Oh my-my-my, heart's beating double time
Every time something rolls off my lips (Why can't I say it?)
I'm like more, want, give me, have it, gotta
Baby, I'm not making any sense
Woah, you got me stumbling, mumbling, fumbling my words
like
Woah, yeah I'm tripping and slipping up girl
You're making me stutter
(Stutter, nah-n-n-nah, stutter, nah-n-n-nah)
Stutter
(Stutter, nah-n-n-nah, stutter, nah-n-n-nah)
Yeah you're making me stutter
(Stutter, nah-n-n-nah, stutter, nah-n-n-nah)
Stutter
(Stutter, nah-n-n-nah, stutter, nah-n-n-nah)
I'm a revved up Chevy when you let your hair down
Damn I've never seen nothing hotter
But every single time I try to tell you, girl
I'm like a flat rock skippin' off the water
You're making me stutter
Mmm
Woah oh, woah oh, oh
Woah oh, oh yeah
Woah, you got me stumbling, mumbling, fumbling my words like
Woah, yeah I'm tripping and slipping up girl
You're making me stutter
(Stutter, nah-n-n-nah, stutter, nah-n-n-nah)
Stutter

(Stutter, nah-n-n-nah, stutter, nah-n-n-nah)
Yeah you're making me stutter
(Stutter, nah-n-n-nah, stutter, nah-n-n-nah)
Stutter
(Stutter, nah-n-n-nah, stutter, nah-n-n-nah)Woah oh, woah oh, oh
Woah oh, oh yeah
Woah oh, woah oh, oh
Woah oh, oh yeah
