

# Broken Jaw

## Foster the People

Yeah yeah

Yeah yeah

Yeah yeah

Yeah yeah I've broken every law

All the words come out my broken jaw

I don't know anything

But then I act like I know everything Don't want to talk about it

What do you see when you dream about it?

I had been broke down from my enemies

I'm drifting farther from my memories And then you take it away

Everyday I'm fighting 'cause I can't read you

Lost in the moment, then I come back down

Lost in the sight I try to reach out

Just a little bit closer, then I come back down You tell me, "What's my name?"

I'm the same I've just been rearranged

Smile through a joke inside

Yeah, I've been hiding with nothing to hide Don't want to talk about it

What do you see when you dream about it?

I had been broke down from my enemies

Just holding a piece of what's been left of me And then you take it away Everyday I'm fighting

'cause I can't read you

Lost in the moment, then I come back down

Lost in the sight I try to reach out

Just a little bit closer, then I come back down

Pushing me, pushing me, I can feel it, yeah

Just a little bit higher, then I come back down

Climbing over people 'cause I've nothing

I'm waiting, I'm waiting around Sometimes you find yourself waiting,

Waiting for someone to come around

And it's hopeless, hoping to be found

Then it arrives and says, "You're perfect, my love"

And I,

I know why

I know why

I know why But you said, "I don't know" You said, "I don't know"

You said, "I don't know"

You said, "I don't know, you don't know" You said, "I don't know"

You said, "I don't know"

You said, "I don't know" So take it away, yeah

When you find and heal my broken jaw, yeah

Lyin' near where I slayed my hero, yeah

What you need is hiding in yourself, yeah
