

# Saturday Afternoon

## Chuck Wicks

Got a country girl  
With a country twang  
She's a ridin in a little country thing  
Baby blue jeans  
Little mood ring  
I can't wait to find out what that purple means  
And she's a popin off the top of that sweet cherry  
Chapstick  
Hummin to the radio  
We're lookin for a place if we can make a little magic  
green light take a ride dirt road  
Here we go  
I feel like the whole wide world is shining down on me  
Right off a county road seven with a little piece of heaven  
her eyes and the sky just as blue as  
could be  
Feelin kinda crazy  
Im Just chillin with my baby on a Saturday afternoon  
Man I'm thinking maybe that i finally found my lady  
And I think she feels the same way too  
Oh ya  
Hit the quick sack  
Grab the six pack  
And when we get there I can't wait to have a sip of that  
And She'll be lookin so good  
There sittin on that hood  
My little Kiss and tell bombshell aw hell  
And it feels like the whole wide world is shining down  
on me  
Right off a county road seven with a little piece of heaven  
her eyes and the sky just as blue as  
could be  
Feelin kinda crazy  
Im Just chillin with my baby on a Saturday afternoon  
Man I'm thinking maybe that i finally found my lady  
And I think she feels the same way too  
Oh ya  
And it feels like the whole wide world is shining down on me  
Right off a county road seven with a little piece of heaven  
her eyes and the sky just as blue as  
could be
