

Wolf (feat. QUIÑ)

Miguel

Sitting here staring at the moon
Thinking it'll be time soon
I won't be in control, yeah
Hide your kids and hide your wife
Tonight I'm killing on sight
No mercy
No, she said My, what big eyes you have, oh
My, what a tongue you have, oh, yeah
My, what sharp teeth you have, yeah
Better to see you or taste you or lead you, I need you
My, what big eyes you have, oh yeah
My, what a tongue you have, oh yeah
My, what sharp teeth you have
I'm a sinner, a rebel, but mostly
I'm the...
I gotta feed my appetite
See you can run, but you can't hide
Scream for more, yeah alright, yeah
Every breath, every breath cuts just like a knife
Down your neck and down your spine
I love the taste of your flesh, woman My, what big eyes you have, oh yeah
My, what a tongue you have, that's right woman
My, what sharp teeth you have
Better to see you or taste you or lead you, I need you
My, what big eyes you have, oh, oh, right
My, what a tongue you have, oh, yeah
My, what sharp teeth you have
I'm a sinner, a rebel, when night falls
I'm a wolf
Oh, yeah
Alright, yeah, yeah
Let me in and I'll take my time, woman (yeah, baby)
You say you want it big and bad (don't ya)
You say you like it big and bad, baby
Everything you've never had
I'm a sinner, a savage, but mostly I'm a wolf
Yeah, baby!
Oh, yeah!
Oh, yeah
Said I'm a wolf
Let, let, let, let, let me get you alone
