

Up and Atom

Astronoid

Astronoid
Up and Atom tucked away
for good I'll stay
finally
finally I'm awake
I'm not the same
I'm free
I'm free so I don't know
far away
if you come
it's too late
we'll drift far away
we'll drift far away
motionless
I wait ashamed
floating
floating I never asked for answers
but I'm floating nowhere
I see
I see so I don't know
far away
if you come
it's too late
we'll drift far away
we'll drift far away I can see
the one for me
but I can't reach
the hand, my love
(...) so I don't know
far away
if you come
it's too late
we'll drift far away
we'll drift far away (...)
