

# Glow (feat. Raphael Saadiq)

[Kelis](#)

There's a wild streak in me,  
But its only for you to see,  
Look to my heart,  
Cause you know i'm ready to start,  
I guess i'm trying to say,  
Yes i've been waiting for this very day,  
Hope you're going too slow,  
Cause we're about to the sun a-glow  
How do we make it, i do know,  
If there was ever a problem it had to go  
Sometimes it's kinda hard, yes i do agree  
See 1 plus you just equals me,  
now just watch us glow, now just watch us glow  
Now in love something crazed,  
Exude from your eyes when they are fixed on me  
And like the eternal flame,  
We have a fire that won't ever stop burning  
There's a power in numbers baby,  
But 2 is deemed the perfect team  
Me and you equals 2  
We will battle the masses baby, but we will claim the victory  
How do we make it, i do know,  
If there was ever a problem it had to go  
Sometimes it's kinda hard, yes i do agree  
See 1 plus you just equals me,  
now just watch us glow, now just watch us glow  
Some said we would never change,  
Look at us now people tried to tear it all apart,  
Boy you stole my heart so quickly  
How do we make it, i do know,  
If there was ever a problem it had to go  
Sometimes it's kinda hard, yes i do agree  
See 1 plus you just equals me,  
now just watch us glow, now just watch us glow  
How do we make it, i do know,  
If there was ever a problem it had to go  
Sometimes it's kinda hard, yes i do agree  
See 1 plus you just equals me,  
now just watch us glow, now just watch us glow
