

Every Little Part of Me (feat. Jay Sean)

Alesha Dixon

Can we really do this
No no not not not not me
I've never saw me falling hard
Got me like I knew it
No no not not not not me
You took away my guard, guard So I
Put my hands up, put my, put my hands up
Put my hands up, put my, put my hands up
Put my hands up, put my, put my hands up
And now I see
Your every little part of me
(You got my heart)
Your every little part of me
(You got my heart)
Your every little part of
(Ohh oh, Ohh oh)
I wanna feel your kiss for real
Wanna feel your kiss for real
(Ooh oh, Ooh oh)
I wanna feel your kiss for real
Wanna feel your kiss for real
Can we really do this
No no not not not not me
I never saw me falling hard
Got me like I knew it
No no not not not (not me)
Girl you took away my guard So I
Put my hands up, put my put my hands up
Put my hands up, put my, put my hands up
Put my hands up, put my, put my hands up
And now I see
Your every little part of me
(You got my heart)
Your every little part of me
(You got my heart)
Your every little part of
(Ohh oh, Ohh oh)
I wanna feel your kiss for real
Wanna feel your kiss for real
(Ooh oh, Ooh oh)
Said I wanna feel your kiss for real
Wanna feel your kiss for real

(For real)
(For real)
(For real)
(Hey)So I

Put my hands up, put my put my hands up
Put my hands up, put my, put my hands up
Put my hands up, put my, put my hands up

And now I see

Your every little part of me

(Part of me, Part of me)

(You got my heart)

Your every little part of me

(You got my heart)

Your every little part of

(Ohh oh)

(Part of me)

(Ohh oh)

I wanna feel your kiss for real

Wanna feel your kiss for real
