

Surrender

Lalah Hathaway & Pharrell Williams

When I first got here, I defined my way
But the end of the days was dark
When I was in night
clear, you showed me my mistakes
But told me keep the pace, don't get lost
So should I not feel,
yeah
That's how it feels when you love me
And you're my sightseeing
'Cause before I'm in [?]
We multiply by the times they took from me
Used another branch from
the long history
But now I'm in quicksand, but my mind is really onto me
Can't believe it, what I
lived in
Hard to believe
Surrender, but there's a difference

Surrender, surrender

And then explain to me

Surrender, surrender

'Cause I'm not going to get
Do you remember? Question how I feel?

I asked you where you really part?

You entered, you found the biggest ball

Said, is that all? Made me fall

With your whining

It blows my mind how you love me

So it's no wonder, I feel how I feel

I can't thank you enough for what you did for me

Eh, used another branch from the long history

But now I'm in quicksand, but my mind is really onto me

Can't believe it, what I lived in

Hard to believe

Surrender, but there's a difference

Surrender, surrender

And then explain to me

Surrender, surrender

'Cause I'm not going to get

Just in formation

Let me see them hands

I was down on myself, and I called you

Your answer is What can I do?

So much you do for me

In the sound of my breath seen all the years

With surrender

Just the way I hear

Reporting for the [?]

When the feeling is good, don't ever let go, go

Don't ever let go, oh

Don't ever let go, oh

When the feeling is good, don't ever let go, go

Don't ever let go, oh

Don't ever let go, oh
Hard to believe

Surrender, but there's a difference

Surrender, surrender
And then explain to me
Surrender, surrender
'Cause I'm not going to get
Just in formation
Let me see them hands
Please, just wave
Wave, wave
In this place
Wave, wave
Wave your hands
Wave, wave
