

Hole

One-Eyed Doll

There's a hole in my heart
Where your smile used to be
Your blue eyes have been gouged from my soul
There's now blood, there is rain
Where once flowers I did see
Now I bleed from this infected hole
Zoë mou sas agapo
Zoë mou sas agapo
Zoë mou sas agapo
Zoë mou sas agapo
Be the pills in my throat
Or the razor's black reign (rain)
Be the chain that holds me from my sin
Still I won't clot the wound
No I can't wash the stain
Of your sweet memory on my skin
