

# Change Ya Life

## Shoreline Mafia

Helluva made this beat, baby I can really change your life, baby  
Hella rich and I'm hella wavy  
Hella thick, yeah she hella cakey  
I'ma put her in the new Mercedes  
I can really change your life, baby  
Hella rich and I'm hella wavy  
Hella thick, yeah she hella cakey  
I'ma put her in the new Mercedes  
I'm at Hibachi finna Paparazzi (Paparazzi)  
We shootin' shit just like a Paparazzi (Paparazzi)  
This a thirty, I don't do the stockie (I don't do the stockie)  
This your bitch, I told her Shawty top me (Shawty top me)  
Her nigga mad, say he finna hop me  
Yeah okay come and try me, see who really poppin' (Really poppin')  
Bitch you trippin', I got options, keep that pussy poppin' (Keep that pussy poppin')  
I been gettin' to this money, I ain't have an option  
It get tricky when these niggas eatin' at your pockets  
It get tricky when these bitches know you really got it  
Get up out your feelings, nigga get up in her pockets (Get up in her pockets)  
I've been ballin' out, baby like the Houston Rockets (I've been ballin' out)  
I can really change your life, baby  
Hella rich and I'm hella wavy  
Hella thick, yeah she hella cakey  
I'ma put her in the new Mercedes  
I can really change your life, baby  
Hella rich and I'm hella wavy  
Hella thick, yeah she hella cakey  
I'ma put her in the new Mercedes Dom Perignon  
Got your bitch, I'ma take her out her thong  
I can change your life, this more than a song  
Drug dealer nigga, money on my phone  
I got plugs, bitch, I got connections  
MAC 10s, AKs, Smith & Wessons  
Say she done fuckin' lames, learned her lesson  
Now she fuckin' trap niggas, she progressin'  
Good dick game, got a bitch stressin'  
If the bitch sellin' pussy, I'm collectin'  
It get real in the field, it get hectic  
But baby girl, let me tell you, I'm a blessin'  
Off this Big Blue, filled up with pour  
All this talkin', need to come out them clothes  
I'm really havin' shit, I'm buyin' out the store

You could have what you want and some more  
Off this Big Blue, filled up with pour  
All this talkin', need to come out them clothes  
I'm really havin' shit, I'm buyin' out the store  
You could have what you want and some more I can really change your life, baby  
Hella rich and I'm hella wavy  
Hella thick, yeah she hella cakey  
I'ma put her in the new Mercedes  
I can really change your life, baby  
Hella rich and I'm hella wavy  
Hella thick, yeah she hella cakey  
I'ma put her in the new Mercedes
