Looking At the World from the Bottom of a Well

Mike Doughty

That Cuban girl

That brought me low She had that skin so fine and red lips

Roselike now

Her mouth was wide

And sweet as well

And now relentless hours of

Dreaming up her smell, andI feel

as if I'm looking at the world from the bottom of a well

I feel

as if I'm looking at the world from the bottom of a well

Lonely

And the only way to beat it is to bat it down

And the only way to beat it is to bat it down

And the only way to beat it is to bat it down

beat it.

Lonely

And the only way to beat it is to bat it down

And the only way to beat it is to bat it down

And the only way to beat it is to bat it down

beat it.Oh all the days

That I have run

I sought to lose that cloud that's blacking out the sun

My train will come

Some one day soon

And when it comes I'll ride it bound from night to noon.

I feel

as if I'm looking at the world from the bottom of a well

I feel

as if I'm looking at the world from the bottom of a wellAimless days,

Uncool ways

Of decathecting

Painless phase,

Blacked out thoughts

You be rejecting.Lonely

And the only way to beat it is to bat it down

And the only way to beat it is to bat it down

And the only way to beat it is to bat it down

beat it.

Lonely

And the only way to beat it is to bat it down
And the only way to beat it is to bat it down
And the only way to beat it is toWe'll let's get down to business now

as if I'm looking at the world from the bottom of a well I feel

as if I'm looking at the world from the bottom of a well I feel

as if I'm looking at the world from the bottom of a well I feel

as if I'm looking at the world from the bottom of a wellLonely
And the only way to beat it is to bat it down
And the only way to beat it is to bat it down
And the only way to beat it is to bat it down
beat it.

Lonely

And the only way to beat it is to bat it down And the only way to beat it is to bat it down And the only way to beat it is to bat it down
