Aye, Aye, Aye, Aye, Aye, Aye, Aye (repeat 8x times)

Put you to the bed, bed, bed

Put you to the bed, bed, bed

Aye, Aye, Aye, AyeGirl, change into that Victoria Secret thing that I like

Alright

OK, tonight you're having me your way

Perfume, spray it there

Put our love in the air

Now put me right next to you

Fittin' to raise the temp in the room

First rub my back like you do

Right there, uh-uh, right there uh

You touch me like you care

Now Stop

And let me repay you for the week that you've been thru

Working that 9-5 and staying cute, like you do

oh, oh, ohI love it (I love it)

You love it (You love it)

Everytime (Everytime)

We touchin (We touchin)

I want it (I want it)

You want it (You want it)I'll see you (see you)

In the morning (In the morning)I wanna put my fingers thru your hair

Wrap me up in your legs

And love you till your eyes roll back

I'm tryin to put you to bed, bed, bed

I'mma put you to bed, bed, bed

Then I'ma rock your body

Turn you over

Love is war

I'm your soldier

Touching you like it's our first time

I'mma put you to bed, bed, bed

I'ma put you to bed, bed, bedI'm staring at you while your sleep

Irreplaceable beauty

Put my face up in your neck and breathe (aww, breathe)

Take you into my senses

Wake up, it's time to finish

Round two, It's round two

Matter of fact it's closer to three

She like, "how long I been 'sleep?"
Shorty, kisses turn into the sweetest dreams
Like give it to me
And I can feel her tell me My angel this is wonderful
Thanks, for letting me bless ya
Come down, fly, right, drift back into heaven
Oh, Oh, Oh, Oh I love it (I love it)
You love it (You love it)
Everytime (Everytime) We touchin (We touchin)
I want it (I want it)
You want it (You want it)
I'll see you (see you)
In the morning (In the morning) I wanna put my fingers thru your hair
Wrap me up in your legs
And love you till your eyes roll back
I'm tryin to put you to bed, bed, bed
I'mma put you to bed, bed, bed
Then I'ma rock your body Turn you over
Love is war
I'm your soldier
Touching you like it's our first time
I'mma put you to bed, bed, bed
I'ma put you to bed, bed, bed Watch the sunlight peak over the horizons
Ou-Ou, Ou-Ou, Ou-Ou, Ou-Ou
Sun ain't the only thing that's shining
Ou-Ou, Ou-Ou, Ou-Ou, Ou-Ou
Now, I'mma send you out into the world with my love
Tell everybody aye, aye, aye
