## **Over and over Again (feat. Ariana Grande)**

## **Nathan Sykes**

From the way you smile To the way you look You capture me Unlike no otherFrom the first hello Yeah, that's all it took And certainly We had each otherAnd I won't leave you Always be true One plus one, two for life Over and over againSo don't ever think I need more I've got the one to live for No one else will do I'm telling you Just put your heart in my hands I promise it won't get broken We'll never forget this moment It will stay brand new 'Cause I'll love you Over and over againOver and over again From the heat of night To the break of day I'll keep you safeAnd hold you forever And the sparks will fly They will never fade'Cause every day gets better and better And I won't leave you Always be true One plus one, two for life Over and over again So don't ever think I need more I've got the one to live for No one else will doI'm telling you Just put your heart in my hands I promise it won't get broken We'll never forget this moment It will stay brand new 'Cause I'll love youOver and over againOver and over again Girl when I'm with you I lose track of time When I'm without youYou're stuck on my mind I'll be all you need Until the day that I die I'll love you

Over and over again So don't ever think I need more I've got the one to live for No one else will do I'm telling you Just put your heart in my hands I promise it won't get broken We'll never forget this moment It will stay brand new 'Cause I'll love u Over and over again Over and over again
