

# Ain't a Party (feat. Harrison) [Radio Edit]

David Guetta & GLOWINTHEDARK

Ain't a party without me no?  
There's crazy everywhere that I go  
One day I'll put it all behind me  
But trouble always seems to find me  
Holding now a party  
Get crazy with somebody  
Are you feeling naughty?  
I ain't even started  
Ain't a party without me  
A party without me  
A party without me  
I wanna see you raise your hands  
Ain't party without me  
A party without me  
A party without me  
I make the beats that make you dance  
Ain't party without me  
A party without me  
A party without me  
Let me see your, see your hands  
Let me see your, see your hands  
It's my party, you can't stop  
me  
I'll be higher, I'll be rocking  
Show me your hands and see them dropping  
No more lies, just keep us watching  
I'll go wilder, I'll go hunt  
Turn it up and keep it coming  
Are you ready, are you ready, are you ready to go  
It's my party, you can't stop me  
I'll be higher, I'll be rocking  
Show me your hands and see them dropping  
No more lies, just keep us watching  
I'll go wilder, I'll go hunt  
Turn it up and keep it coming  
Are you ready, are you ready, are you ready to go  
Holding now a party  
Go love so far  
You should be a woman?  
Let's get it started  
Ain't a party without me  
A party without me  
A party without me  
I wanna see you raise your hands  
Ain't party without me  
A party without me  
A party without me  
I make the beats that make you dance  
A party without me  
A party without me  
A party without me  
Let me see your, see your hands  
Let me see your, see your hands

Let me see your, see your hands
