

# Workin' On a Groovy Thing

## The 5th Dimension

When I saw you I knew that I was gonna love you  
And everyday I thought of how I'm gonna love you

Now you're here next to me

And ecstasy is a reality

I feel good when you are near

I'm alive 'cause you are here

(bo do-do-do-do)

Workin' on a groovy thing baby

Workin' on a groovy thing

(bo do-do-do-do)

Workin' on a groovy thing baby

Let's not rush in we'll take it slow

Before I saw you I knew my lips were only wasted

'Cause you have got the sweetest kiss I ever tasted

Music moves us along

Your arms around me are snug and warm

Happiness is in my soul I'm about to lose control

(bo do-do-do-do)

Workin' on a groovy thing baby

Workin' on a groovy thing

(bo do-do-do-do)

Workin' on a groovy thing baby

Let's not rush in we'll take it slow

Now you're here next to me

(next to me...)

And ecstasy is a reality

I feel good when are you near

I'm alive 'cause you are here

(bo do-do-do-do)

And we're workin' on a groovy thing baby

Yes we're workin' on a groovy thing

(bo do-do-do-do)

Workin' on a groovy thing baby

Let's not rush in ooh we'll take it slow

Workin' on a groovy thing baby

Yes we're workin' on a groovy thing
