Smashed 'n Trashed

The 69 Eyes

Baby baby let me pick your cherry Go star-gazin' on yer back To crack a Judy's teacup I'll give you a little upshot Doncha say your mama's comin' back I may be too upside down On your dead-end street But you've got that love so deep It's gonna be a double-event for you and meCAN'T GET THRU 2 SMASHED 2 TRASHEDI can't help myself born to raise hell Doin' that bone dance much too well Been to Mexico been to Jericho Been so blind as a boiled owl I can't feel no pain Now I'm right outta my brain Don't know the way back home Likkered up and laid to the bone (Coro)
