

# Half Light (feat. Tom Cane)

## Wilkinson

This is our time  
They go fearless shine  
As the dawn brings  
The world wakes  
Catch you in my eye  
Nothing can touch  
Where we've been tonight  
As the sun moves to cross you  
Standing in our half light  
(In the half light)  
We go home  
What we feel tonight (What we feel tonight)  
(We go home)  
What we feel tonight  
In the half light  
(We go home)  
What we feel tonight This is our time  
They go fearless shine  
As the dawn brings  
The world wakes  
Catch you in my eye  
Nothing can touch  
Where we've been tonight  
As the sun moves to cross you  
Standing in our half light In the half light  
(We go home)  
What we feel tonight  
In the half light  
(We go home)  
What we feel tonight (What we feel tonight)  
(We go home)  
(What we feel tonight) This is our time  
They go fearless shine  
As the dawn brings  
The world wakes  
Catch you in my eye  
Nothing can touch  
Where we've been tonight  
As the sun moves to cross you  
Standing in our half light  
In the half light  
(We go home)

What we feel tonight  
In the half light  
(We go home)  
What we feel tonight
