

# Whiskey in My Water

Tyler Farr

In my truck, flyin' down a dirt road  
Pickin' you up, feelin kinda crazy  
I think I'm in luck cause I know my baby  
She slaps my knee, says boy why you smilen?  
Doin' my best, so hard to hide it  
I know what's up, so I just shoot her a wink(Chrous)  
Cause when the sun goes down it'll getta little hotter  
Make an ole boys heart beat a little harder  
I know I can't lose cause It's goin' down smooth tonight, baby  
One ain't enough ma'm may I have another  
Sittin' 'round the fire getting drunk on each other  
Every day I pray I thank God I got her  
She's the moon in my shine, the Whiskey in my water  
As we pass Flint bridge I break out the bottle  
Drop it down low, crank up the throttle  
I'm good to go, cause I got you tonight, baby(Repeat Chrous)  
Cause when the sun goes down it'll getta little hotter  
Make an ole boys heart beat a little harder  
I know I can't lose cause It's goin' down smooth tonight, baby  
One ain't enough ma'm may I have another  
Sittin' 'round the fire getting drunk on each other  
Every day I pray I thank God I got her  
She's the moon in my shine, the Whiskey in my waterMhm, yeah  
Sittin' on this hill with her,  
Lookin' in them baby blues  
Wishin' that the sky would change,  
I've been thinkin' 'bout it all damn day,  
I can hardly wait  
(Repeat Chrous)  
Cause when the sun goes down it'll getta little hotter  
Make an ole boys heart beat a little harder  
I know I can't lose cause It's goin' down smooth tonight, baby  
One ain't enough ma'm may I have another  
Sittin' 'round the fire getting drunk on each other  
Every day I pray I thank God I got her  
She's the moon in my shine, the Whiskey in my waterWhiskey in my water Yeah
