Cozee (feat. Cisco Adler)

DVBBS

Baby I've been thinkin'
How many times I've tried
To fight this feeling insideLet's get cozee
Get to know me, I'm such a bad dude
After all
Swimming down the coast
In my six [?]
Got me drippin' like a nose bleed
After all
After all
Love is adderall
After all
Love is adderall, yeah
I just need a bad girl
Roll out with the sunrise
Just one look in her eyes
Can't get her out of my mind, mindI just need a bad girl
Stay up with me all night
Hot tub parties all night
Disappear when the sun rise
Feel that weekendCozee (Cozee)
Anything you want, you'll never be lonely (Lonely)
Wrap you in my arms, I'll be your only (Only)
Only one, yeah
Don't need no coding
You got me floating
Let's get cozee
Get to know me I'm such a bad dude
After all
Swimming down the coast
In my six [?]
Got me drippin' like a nose bleed
After all
After all
Love is adderall
After all
Love is adderall, yeahI said I need a bad girl
True love I need this sad girl
Can you come over now girl
Don't tell me when you go
And babe when you leave me alone wanna know, no
So give me all your cozee

And we can sip on some rosie
You could leave me in the morning'Til then we get cozee (Cozee)
Anything you want, you'll never be lonely (Lonely)
Wrap you in my arms, I'll be your only (Only)
Only one, yeahDon't need no coding
You got me floating
Let's get cozee
Get to know me I'm such a bad dude
After all
Swimming down the coast
In my six [?]
Got me drippin' like a nose bleed
