

# Leaving Los Feliz (feat. Kevin Parker)

Mark Ronson

I'm on the guest list down at Paul's Baby Grand  
That hipster doorman he don't know who I am  
But my studied aloofness is proof I belong so I pass  
Some girls are pieced like Krylon bombs on  
the walls

Some cut the line to cut the lines in the stalls  
On the floor is the border between paradise and the Fall  
I'm leaving Los Feliz

Day after tomorrow  
I'm over the scenesters  
I'm leaving Los Feliz  
Day after tomorrow  
I'm leaving Los Feliz

I cruise the room without attracting a glance  
My Ksubi jeans are more like armor than pants  
But I don't want to go just yet so I suppose I should dance  
The music wobbles between rapture  
and dread

Like a divine name that can never be said  
And I shoot a pretend documentary inside my head  
I'm leaving Los Feliz

Day after tomorrow  
I'm over the scenesters  
I'm leaving Los Feliz  
Day after tomorrow

I'm leaving Los Feliz  
I'm young enough to know I'm too young to quit  
I'm old enough to want to get over it

But the yearning is timeless and mine is as deep as the Pit

I'm leaving Los Feliz  
Day after tomorrow  
I'm over the scenesters  
I'm leaving Los Feliz  
Day after tomorrow  
I'm leaving Los Feliz
