

# Fly Away with Me

Tom Walker

I'm strummin on the corner  
About to catch the last train home  
I'll have to jump the barriers  
So can you spare a penny for my thoughts  
I've been praised upon the pavements  
Passers by don't pay much  
Chased away by neighbours  
Seen things you couldnt make up  
If the streets could talk they'd tell a story or two  
I'll paint a picture for you I can tell you what it feels like  
To lose your home on a cold night  
Can you see the blood in my red eyes  
Have another total forget life  
So come on fly away with me  
To a place where we could be anyone we wanna be  
And we can bottle up our fears  
Grow a taste so sweet, knock us off our feet and more  
Burn our troubles  
Inhale them all  
Paint our future on a fractured wall  
So come on fly away with me  
To a place where we can be anyone we wanna be Still in the station when I wake up  
I missed the last train home  
Jump back over the barriers  
No ones got a penny for my flaws  
Imma sleep upon the pavement  
passers by don't say much  
Tutted at by strangers  
Dreamt things you'd never dream of  
If these streets could talk they'd tell a story or two  
I'll paint a picture for you  
I can tell you what it feels like  
To lose something you love on a cold night  
As the cars roll by under the street lights  
Theres only one way I can forget life So come on fly away with me  
to a place where we could be anyone we wanna be  
And we can bottle up our fears  
grow a taste so sweet, knock us off our feet and more  
Burn our troubles inhale them all  
Paint our future on a fractured wall  
So come on fly away with me  
to a place where we can be anyone we wanna be (ohohoh x2) we could be anyone we wanna

be(ohohoh x2)we could be anyone we wanna beThese streets i'm walking  
they started talking to me oh oh  
can't you see yeah ay yeah  
there's only one way outta here  
we have to face the things we fear  
and we could be anyone we wanna be  
yeah we could be anyone we wanna be so come on fly away with me  
to a place where we could be anyone we wanna be  
and we can bottle up our fears  
grow a taste so sweet knock us off our feet and more  
burn our troubles inhale them all  
paint our future on a fractured wall  
so come on fly away with me  
to a place where we can be anyone we wanna be(ohohoh x2)we could be anyone we wanna  
be(ohohoh x2)we could be anyone we wanna be
