

# Small Hours

**John Martyn**

Gonna get on up and fly away  
Go on after another way  
And a new day has dawned  
Gonna carry on Keep on loving while your love is strong  
Keep on loving till your love is gone away  
Well, if I love you, gonna take you home [Incomprehensible] but I just don't care I love you so, I  
just love you so  
Keep on loving till your love is gone  
Keep on loving while your love is strong away
