

Small Hours

[John Martyn](#)

Gonna get on up and fly away
Go on after another way
And a new day has dawned
Gonna carry on Keep on loving while your love is strong
Keep on loving till your love is gone away
Well, if I love you, gonna take you home [Incomprehensible] but I just don't care I love you so, I
just love you so
Keep on loving till your love is gone
Keep on loving while your love is strong away
