

# Keep Her On the Low

## Mindless Behavior

All the girls after school, won't y'all meet us round there  
We gon tell ya we gon show ya how we do it around here  
Got a party on a roof, if you miss it, oh well  
Gotta keep it on a low, ain't nobody can tell!  
Sixteen balling like them boys at menudo  
Only difference is I was cribed in the hood, y'all We got them jumping at the pool like they're  
all from Rino  
they say we dance like the Jacksons  
All we're missing is Tito  
I hear a whole lot of y'all is up in here got them looking for love All we're about breaking hearts  
and getting to the money on tour  
If the money, money is only for the moment  
And you're my honey (honey) only for the moment (moment)  
Cause another honey want it, we keep it all popping off..  
Gotta keep her, got her, keep her, keep her on the low!  
Gotta keeeep her, gotta keep her on the low!  
Not even though I got a girlfriend, I want to keep them all  
Gotta figure what I'm feeling when I'm... at my flow  
Gotta keep her, gotta keep her, keep her, keep her on the low  
Gotta keeeep her, gotta keep her on the low!  
...and one has to go  
When the DJ plays my music, chick gonna get down on the floor!  
Let me define, what I... for him!  
Girl be mine, about two weekends  
I'm only 16, that means it's show time  
When I ain't with her, that means I'm on mine!  
I need a whole lot of what I saw  
For bitch got them looking for love  
All we're about breaking hearts and getting to the money on tour  
If the money, money is only for the moment  
And you're my honey (honey) only for the moment (moment)  
Cause another honey want it, we keep it all popping off..  
Gotta keep her, got her, keep her, keep her on the low!  
Gotta keeeep her, gotta keep her on the low!  
Not even though I got a girlfriend, I want to keep them all Gotta figure what I'm feeling when  
I'm... at my flow  
Gotta keep her, gotta keep her, keep her, keep her on the low  
Gotta keeeep her, gotta keep her on the low!  
...and one has to go  
When the DJ plays my music, chick gonna get down on the floor! All we're about breaking  
hearts and getting to the money on tour  
If you're my honey only for the moment...

Gotta keep her, got her, keep her, keep her on the low!  
Gotta keeeep her, gotta keep her on the low!  
Not even though I got a girlfriend, I want to keep them all  
Gotta figure what I'm feeling when I'm... at my flow  
Gotta keep her, gotta keep her, keep her, keep her on the low  
Gotta keeeep her, gotta keep her on the low!  
...and one has to go

When the DJ plays my music, chick gonna get down on the floor!  
We gonna get down on the dancefloor, girls what they're here for?  
Back up in your speakers, we're the smash on the radio!  
I said get down on the dancefloor, smash on the radio  
You know what I mean, Shawty, look about that cash blow!  
Blow, blow, blow, blow!
