

About the Boy

Little Mix

Something about
Something about the boy
Something about
Something about the boy
Something about
Something about the boy
Just something about the boy It's the verse in my head
The words that make stutter
The swag in my step
The change from gray to color
I guaranteed bet.
Oh I found my lucky number
The feeling that you get
Can't help but make me wonder
No need to try
He's just right
He's got that something
I can't let nobody tell me no
No I don't mind
Takes me high
I won't stop until the boy is mine He's got me good
I got it bad
He's got me feeling like a girl gone mad
Got me running around like I'm a lovefool
Taking me down I can't stop. He's got me up.
I can't come down.
He got me locked and I don't want out.
I know he's playing my heart and I ain't got no choice.
There's just something about the boy
Something about
Something about the boy
Something about
Something about the boy
Something about
Something about the boy
There's just something about the boy It's the first time we met.
The lightening to my thunder
The green light on red
The kiss that pulls me under.
It's all there in front of me.
If you're the test I got the answer
And I'm all that you need

Now you finally get the chance to
No need to try
He's just right
He's got that something
I can't let nobody tell me no
No I don't mind
Takes me high
I won't stop until the boy is mine
He's got me good
I got it bad
He's got me feeling like a girl gone mad
Got me running around like I'm a lovefool
Taking me down I can't stop.
He's got me up.
I can't come down.
He got me locked and I don't want out.
I know he's playing my heart and I ain't got no choice.
There's just something about the boy
Something about
Something about the boy
Something about
Something about the boy
Something about
Something about the boy
There's just something about the boy
I know you like to take it slow
But I'm running out of time
It's like I lost my self control
Cause you are the one
And you know what you've done
My poor heart's come undone
Baby please
He's got me good
I got it bad
He's got me feeling like a girl gone mad
Got me running around like I'm a lovefool
Taking me down I can't stop.
He's got me up.
I can't come down.
He got me locked and I don't want out.
I know he's playing my heart and I ain't got no choice.
There's just something about the boy
Something about
Something about the boy
Something about
Something about the boy
Something about
Something about the boy
There's just something about the boy
Something about
Something about the boy
Something about
Something about the boy
Something about
Something about the boy
There's just something about the boy
