

I Want to Know

Living Colour

Hey kids, lets go, let's go, let's go, let's go, let's go, let's go, let's go, lets go, let's goBaby you
stole my heart

I don't know what to do

Got one problem on my mind

Do you feel the way I do?

I want to know

Give me a sign girl

Open your heart and tell me that you're mine

I want to know

Give me a sign girl

Open your heart and tell me that you're mine

When you walk down the street, the cats don't even make a noise

They worship at your feet

Acting just like little boys

I'm standing in the shadows baby

I got one thing that's on my mind

Gonna make you love me baby if it takes the rest of my life

I want to know

Give me a sign girl

Open your heart and tell me that you're mine

I want to know

Give me a sign girl

Open your heart and tell me that you're mine

It takes a lot of guts to show you how I feel, well, about you

Just say the words and let me know that this is real for you

Or is it just a dream, dream, dream, dream, dream, dream, dream, dream

I'm very patient baby and I've got a lot of time

I can see a clear horizon

You and me standing side by side

I want to know

Give me a sign girl

Open your heart and tell me that you're mine

I want to know

Give me a sign girl

Open your heart and tell me that you're mine

(I want know) I want to know

(I) Give me a sign girl

(You got to give, you got to have me, give, you gotta tell me) Open your heart and tell me that
you're mine

I want to know (Please)

Give me a sign girl (Please)

Open your heart and tell me that you're mine (Open your heart and tell me that you're

mine)How're you feeling? Baby, baby, let me knowI want to know
I want to knowI want to know
I want to know
Give me a sign girl
Open your heart...
