

# To the Floor (feat. Nelly)

Mariah Carey

Oh, to the floor, everybody to the floor  
To the floor, everybody to the floor  
Come onBaby, I don't want to let you think, I'm  
I like to try ya, I think you so on fire  
Easy, like them other girls that you be seein'  
I can't deny ya, I be tryin' to fight itI'm sayin', I just wanna make sure that  
You really want me just for me  
Because it's not just that I'm so impressed  
By your cars and jewelryAnd you know like I know  
Feel that chemistry  
You know I feel it just the same as you  
So why don't you bring that down to me  
Whatever happens  
It's goin' down tonight  
I said, it's all goin' down tonight  
I said, it's all goin' down tonightSo get ready  
'Cause you and me got business  
We gonna handle it tonight  
Tonight, tonight, tonight, tonight  
Tonight, tonight, tonight, tonightTo the floor, everybody to the floor  
Come onShorty, I would never think that you were  
I like to try ya, I think you're so on fire
