

# All for Love

## O-Town

Chorus:  
All for love  
Baby  
Girl what I do, I do it for you  
All for love  
Baby  
Baby my love  
It's all for you Girl you're the only one  
I'd ever love and need  
Cause when you're here with me  
You make me feel complete  
Girl it's too hard to swallow  
To know there's no tomorrow  
Without you baby  
So I'll do anything or go anywhere  
To tell the whole wide world that I care  
Yeah  
With all my power I'll give you the real  
That's how I feel  
(for when it's) Chorus I'm gonna show you I can't be really your every man  
And that's time and time again  
Love will never end So I'll go anywhere and do anything  
(to tell the whole world that I care)  
I'll be your king cause you are my queen  
Life's a little dream  
Because it's Chorus  
[Bridge]  
It's easier said than done to love  
But girl it ain't hard when you're the one  
Girl you have my heart  
(Girl you have my heart)  
Chorus
