

# Come With Me (feat. Ronald Isley)

Keith Sweat

Yeah, what I want you to do tonight is turn your stereo up real loud  
Now for all the fellas out there gettin' their groove on  
And for all the ladies out there gettin' on with the groove  
This one goes out to you, yeah Would you mind if I kiss your lips a thousand times?  
Would you mind?  
And baby would you mind if I could just sit here, take my time?  
Would you mind? Oh baby Come with me  
To a place where no love has gone before  
Come with me  
To a place where no love has gone before  
Would you mind if I run my fingers through your hair, baby?  
Would it show you how much I care?  
And would you mind if I made you scream my name out loud, babe?  
The thought of it just drives me wild Come with me  
To a place where no love has gone before  
Come with me  
To a place where no love has gone before Come and go with me  
Girl then you'll see baby  
I wanna love you now  
Make your body spin around and around and around and around  
Come with me  
To a place where no love has gone before  
Come with me  
To a place where no love has gone before
