

# Anybody out There

## Civil Twilight

In the cold of the night  
The fire burns bright  
You long for the unseen On the edge of the sea  
Your thoughts run deep  
You long for a place you've never been Is anybody there?  
Is anybody there  
You cry to the full moon As your thoughts run wild  
Like the thoughts of a child  
You wonder if you'll be there soon I say, slow me down, slow me down  
I want to hear the sound, slow me down  
Is anybody out there?  
Is anybody out there?  
Oh, is anybody out there?  
Is anybody out there? I sing, is anybody out there?  
Is anybody, anybody Here I stand  
Letter in my hand  
The letter that you sent to me But as I turn each page  
Like the turning of a wave  
I feel you turning me And I sing, slow me down, slow me down  
I want to hear the sound, slow Is anybody out there?  
Is anybody out there?  
Oh, is anybody out there?  
Is anybody out there?  
Oh, is anybody out there?  
Is anybody, anybody I don't know anything no more  
I don't know anything Is anybody out there?  
Is anybody out there?  
Is anybody out there?  
Is anybody out there? Oh, is anybody out there?  
Is anybody out there?  
Is anybody out there?  
Is anybody, anybody I can hear the strings  
I can hear the strings  
I can hear the strings  
I can hear the strings I can hear the strings  
I can hear the strings  
I can hear the strings  
I can hear the strings Calling, calling, calling  
Calling, calling, calling, calling me
