

Anybody out There

Civil Twilight

In the cold of the night
The fire burns bright
You long for the unseen On the edge of the sea
Your thoughts run deep
You long for a place you've never been Is anybody there?
Is anybody there
You cry to the full moon As your thoughts run wild
Like the thoughts of a child
You wonder if you'll be there soon I say, slow me down, slow me down
I want to hear the sound, slow me down
Is anybody out there?
Is anybody out there?
Oh, is anybody out there?
Is anybody out there? I sing, is anybody out there?
Is anybody, anybody Here I stand
Letter in my hand
The letter that you sent to me But as I turn each page
Like the turning of a wave
I feel you turning me And I sing, slow me down, slow me down
I want to hear the sound, slow Is anybody out there?
Is anybody out there?
Oh, is anybody out there?
Is anybody out there?
Oh, is anybody out there?
Is anybody, anybody I don't know anything no more
I don't know anything Is anybody out there?
Is anybody out there?
Is anybody out there?
Is anybody out there? Oh, is anybody out there?
Is anybody out there?
Is anybody out there?
Is anybody, anybody I can hear the strings
I can hear the strings
I can hear the strings
I can hear the strings I can hear the strings
I can hear the strings
I can hear the strings
I can hear the strings Calling, calling, calling
Calling, calling, calling, calling me
