Anybody out There

Civil Twilight

In the cold of the night

The fire burns bright

You long for the unseenOn the edge of the sea

Your thoughts run deep

You long for a place you've never beenIs anybody there?

Is anybody there

You cry to the full moonAs your thoughts run wild

Like the thoughts of a child

You wonder if you'll be there soonI say, slow me down, slow me down

I want to hear the sound, slow me down

Is anybody out there?

Is anybody out there?

Oh, is anybody out there?

Is anybody out there? I sing, is anybody out there?

Is anybody, anybodyHere I stand

Letter in my hand

The letter that you sent to meBut as I turn each page

Like the turning of a wave

I feel you turning meAnd I sing, slow me down, slow me down

I want to hear the sound, slowIs anybody out there?

Is anybody out there?

Oh, is anybody out there?

Is anybody out there?

Oh, is anybody out there?

Is anybody, anybodyI don't know anything no more

I don't know anythingIs anybody out there?

Is anybody out there?

Is anybody out there?

Is anybody out there? Oh, is anybody out there?

Is anybody out there?

Is anybody out there?

Is anybody, anybodyI can hear the strings

I can hear the strings

I can hear the strings

I can hear the stringsI can hear the strings

I can hear the strings

I can hear the strings

I can hear the stringsCalling, calling, calling

Calling, calling, calling me
