

Sunshine Thru Rain Clouds (feat. Duane Harden)

NERVO

All the people come together,
Thru sunshine and rain clouds,
Here we go! Sunshine thru rain clouds takes me away to a place
I'd rather be with you
Sunshine thru rain clouds takes me away to a place
I'd rather be with you Sunshine thru rain clouds takes me away to a place
I'd rather be with you
Sunshine thru rain clouds takes me away to a place
I'd rather be with you
Sunshine!! Sunshine thru rain clouds takes me away to a place
I'd rather be with you
Sunshine thru rain clouds takes me away to a place
I'd rather be with you
Take away the rain, oh
Take away the rain, oh Sunshine!!
Sunshine!!
