

# Do Me a Favor

## Stone Sour

I am an anti everything man  
a scab on the lips of the lord  
my caustic - dismissal  
is all I need to get you  
To fall on your sword It's easy to live fast  
It's harder to live  
I woke up today with a gun  
Ignoring your history is killing your past  
You might run forever if death never lasts  
So do me a favor  
Your behavior  
Is just a reason why  
There is no savior  
When you're wasted  
Let's face it  
There's a side of you that  
Knows you're a failure  
Lives for the danger  
Feels like an enemy but looks like a stranger  
The bell has rung on the titans  
Everybody give us some room Your so called set of fake morals  
I can't tell the difference  
Is that an excuse?  
The matter at hand  
is a matter of time  
A sad little kid with broken toys  
Your dogmatic license  
Has kept you inside  
What will you do when you're burning alive?  
So do me a favor Your behavior  
Is just a reason why There is no savior  
When you're wasted  
Let's face it  
There's a side of you that  
Knows you're a failure  
Lives for the danger  
Feels like an enemy but looks like a stranger  
So do me a favor  
Your behavior  
Is just a reason why There is no savior  
When you're wasted  
Let's face it

There's a side of you that  
Knows you're a failure  
Lives for the danger  
Feels like an enemy but looks like a stranger  
I don't mind my old  
Dead story  
And I don't want to lie to you I know my glory  
Will never be the same as truth  
By now my only  
enemy is you  
I won't go slowly  
I'll leave you behind  
leave you behind  
leave you behind  
leave you behind
