

# Electric Messiah

## High On Fire

Stealing the blades from the old gods' grave  
Thunder & firestorm  
Tempting the wrath from the giant's path  
Grip on the battle axe  
My war has come to you  
Usurp my throne & I'll sink my teeth in  
Electric messiah  
Thunder & fire  
Electric messiah  
Thunder & fire  
Pack of hell from the devil's well  
We take a drink or two  
Sever the wrist & the blood is fixed  
Worship the followless  
My war has come to you  
Usurp my throne & I'll sink my teeth in  
Electric messiah  
Thunder & fire  
Electric messiah  
Thunder & fire  
All give praise as the ace hits the stage  
All are amazed at the cards that he played  
My homage paid to the king in his grave  
He's playing bass & he's melting your face  
All give praise as the ace hits the stage  
All are amazed at the cards that he played  
Stealing the blades from the old gods' grave  
Thunder & firestorm  
Tempting the wrath from the giant's path  
Grip on the battle axe  
My war has come to you  
Usurp my throne & I'll sink my teeth in  
Electric messiah  
Thunder & fire  
Electric messiah  
Thunder & fire  
All give praise as the ace hits the stage  
All are amazed at the cards that he played  
My homage paid to the king in his grave  
He's playing bass & he's melting your face  
All give praise as the ace hits the stage  
All are amazed at the cards that he played
