## **Sweet**

## **Trace Adkins**

Back as far as I remember

Mama always worried about me

Ya see Mama knew my taste in women

She'd say whatever you do, boy find you one that's sweet

Well, Mama I finally found one that I'd like you to meetShe's sweet like a Cadillac

Sweet like a stack of cold hard cash

Sweet like the diamond bling

Dangling down from her belly button ring

She's sweet like a handful of aces

Tattoos in secret places

Mama can't you see she's sweet?

No Mama, she ain't into ironing

And she ain't one to scrub the house and clean

No Mama, she couldn't boil a pot of water

So she won't need none of Grandma's recipes

But Mama don't you worry none

She's taking real good care of meShe's sweet like a Cadillac

Sweet like a stack of cold hard cash

Sweet like the diamond bling

Dangling down from her belly button ring

She's sweet like a handful of aces

Tattoos in secret places

Mama can't you see she's sweet?

She's sweet

She's sweet like a Cadillac

Sweet like a stack of cold hard cash

Sweet like the diamond bling

Dangling down from her belly button ring

Sweet like a handful of aces

Tattoos in secret places

She's sweet like a Hollywood dream

7, 7, 7 on a slot machine

She's sweetOh, my baby's so sweet

Pour some sugar on me
