

# New York

## St. Vincent

New York isn't New York without you, love  
So far in a few blocks, to be so low  
If I call you from First Avenue  
Well you're the only motherfucker in the city who can handle me  
New love wasn't true love,  
back to you, love  
So much for a home run with some blue bloods  
If I last-strawed you on 8th Avenue  
Where you're the only motherfucker in the city who can stand me  
I have lost a hero, I have lost  
a friend  
But for you darling I'd do it all again  
I have lost a hero, I have lost a friend  
But for you darling I'd do it all again  
New York isn't New York without you, love  
Too few of our old crew left on Astor  
So if I trade our 'hood for some Hollywood  
Where you're the only motherfucker in the city who would  
Only motherfucker in the city who would  
Only motherfucker in the city who'd forgive me  
I have lost a hero, I have lost a friend  
But for you darling I'd do it all again  
I have lost a hero, I have lost a friend  
But for you darling I'd do it all again
