

# Kill the Lights

Britney Spears

Ladies and gentlemen, we interrupt our program of dance music to bring you a special bulletin from the intercontinental radio news. Our very own Pop Princess, now Queen of Pop, has a special announcement she would like to make.

You're on I think I'm ready for my closeup

Yeah

You don't like me, I don't like you It don't matter (Ooh)

Only difference: you still listen

I don't have to (Ooh)

In one ear and out the other

I don't need ya (Ooh)

Your words don't stick, I ain't perfect

But you ain't either (Ooh)

If you're feelin' groggy, leave (Ooh)

I ain't even losin' sleep (Ooh)

There's more to me than what you see (Ooh)

You wouldn't like me when I'm angry

Mister photographer I think I'm ready for my closeup

Tonight

Make sure you catch me from my good side

Pick one

These other hoes just wanna be me

Is that money in your pocket or you happy to see me?

Kill the lights Take 'em out, turn 'em off, break 'em down

Kill the lights

Don't be scared, make a move, see me now

Kill the lights

I feel you, watching me, watching you

Kill the lights

You can't handle the truth, what happened to him?

I killed the lights, the lights, the lights (Pure satisfaction)

I killed the lights, the lights, the lights (Lights, camera, action)

I killed the lights, the lights, the lights (Pure satisfaction)

I killed the lights, the lights, the lights (Lights, camera, action)

All the flashin', tryin' to cash in Hurts my eyes

All the poses, out of focus

I despise

"F" me over, your exposure

Not the best

You want me bad, watch how I

Relieve this stress

Mister photographer I think I'm ready for my closeup

Tonight

Make sure you catch me from my good side
