## I'm from Barcelona

Have you ever felt that nothing's ever going your way?  
Every good thing that you find is always running away  
Have you ever felt that nothing's ever going your way?  
Every good thing that you find is always running away Oh, don't be afraid  
Don't be afraid  
'Cause everything is gonna turn to be okay  
Don't be afraid Have you ever felt that nothing's ever going your way?  
Every good thing that you find is always running away  
Have you ever felt that nothing's ever going your way?  
Every good thing that you find is always running away Oh, don't be afraid  
Don't be afraid  
'Cause everything is gonna turn to be okay  
Don't be afraid  
'Cause everything is gonna turn to be okay  
Yes, everything is gonna turn to be okay  
Everything is gonna turn to be okay  
Don't be afraid  
'Cause everything is gonna turn to be okay
