

# Freeway (Flux Pavilion and Kill the Noise Remix)

## Flux Pavilion

Thinking on a dream I never had  
Pictures of a world I've never seen  
Pieces of a life forever more  
Find the light for me Freeway!  
Freeway! Running from a man that is me  
Picking at the bones of everything that we'll ever be  
Pieces of a life forever more  
Find the light for me  
Freeway!  
Freeway!
