

# Staying With Me

## Los Lonely Boys

If I told you I loved you would you walk away?  
I'm not trying to fool you, there's no playing games  
You're tired of being alone though I feel the same  
Ooh, maybe falling in love will take away your pain So I have to say  
(I have to say)  
That I really love you  
(I really love you) Don't be afraid  
(Don't be afraid)  
I just wanna know  
(Just wanna know)  
If you're staying with me  
Oh, I can take you away to places out of this world  
All I need is the time of day to make your dreams for real  
Take a chance on love, I'm gonna do the same  
Ooh, we're two hearts of a kind, we're gonna have it made So I have to say  
(I have to say)  
That I really love you  
(I really love you) Don't be afraid  
(Don't be afraid)  
I just wanna know  
(Just wanna know)  
If you're staying with me So I have to say  
(I have to say)  
That I really love you  
(I really love you)  
Don't be afraid  
(Don't be afraid)  
I just wanna know  
(Just wanna know)  
If you're staying with me Woah, don't go running away like you have before  
Ooh, all your wildest dreams are just beyond the door So I have to say  
(I have to say)  
That I really love you  
(I really love you) Don't be afraid  
(Don't be afraid)  
I just wanna know  
(Just wanna know)  
If you're staying with me So I have to say  
(I have to say)  
That I really love you  
(I really love you) Don't be afraid  
(Don't be afraid)

I just wanna know  
(Just wanna know)  
If you're staying with me  
Are you staying with me? Stay with me baby  
Stay with me babe  
Stay with me baby  
Stay with me baby
