## **Empty Space**

## **The Story So Far**

All that I know
Is your space is empty
It's buried below
The stress and the envy

All the places I go

It still hasn't left me

I hated it then

And now it consumes meI dwell on it nightly

Tread swiftly and lightly

Make up the lost ground

And see what you don't see

All questions aside

I asked and you lied

And now my hands are tied

All I can show

Is absence from your life

That I can't control

It's all that I get right

Keep paying the toll

I know that it seems like

I'm always upset

I know it seems like I'm always upset(I know it seems like I'm always upset)All that I know

Is your space is empty

It's buried below

It still hasn't left me

All that I know

Is your space is empty

It's buried below

It still hasn't left

I dwell on it nightly

Tread swiftly and lightly

Make up the lost ground

And see what you don't see

All questions aside

I asked and you lied

And now my hands are tiedI dwell on it nightly

Tread swiftly and lightly

Make up the lost ground

And see what you don't see

All questions aside

I asked and you lied

## And now my hands are tied
