## Marques Houston

Yeah girl, this is what um, this what you said you liked  
So I guess I'm going to have to do that for you  
Girl 'cause uh, I waited a long time for this, you know  
And uh, now that you finally here let me see what I want to do  
Right about six in the mornin' I  
made breakfast before you  
I brought everything to your bed as if you had the flu  
Last night was incredible and in the mornin' I feel good, yeah  
Lovin' like six in the mornin', six in the mornin', yeah  
She told me slow it down, she like to play  
around  
She told me her body was my personal playground  
Shawty feelin' my game, I made her say my name  
I made her say my name, my name, my name  
She loves the way I touch her body, body, body, body, babe  
She loves the way I feel on her body, body, body, body, babe  
This what she said, said she like  
kissin'  
Said she like touchin', said she like, said she like  
This what she said, said she like teasin'  
Said she like pleasin', said she like, said she like, said she like  
Woman, I ain't done with you, I  
feel like goin' one more round  
Girl, you know I like it when you make that ooh, aah sound  
Caress your body, grab your body, girl you just ain't anybody  
Girl, just bring your sexy body here, oh  
Ain't gon' be done 'til about six in the evenin', six in the evenin'  
She told me slow it down, she  
like to play around  
She told me her body was my personal playground  
Shawty feelin' my game, I made her say my name  
I made her say my name, say my name, say my name  
She loves the way I touch her body, body,  
body, body, babe  
She loves the way I feel on her body, body, body, body, babe  
This what she said, said she like kissin'  
Said she like touchin', said she like, said she like  
This what she said, said she like teasin'  
Said she like pleasin', said she like, said she like, said she like  
Said she like every body position,  
so it's just hard to choose  
She said she wanna be in the place where I go up, down to the feet  
And gently up your body to the point you call me  
And then she said, "Marques, woo  
There's a little place, call it the G-Spot, keep pushing the G-Spot"  
I'm pressing the G-Spot, we pressing the G-Spot  
We getting hot, ooh, ooh, ooh  
She loves the way I touch her body, body, body, body, babe  
She loves the way I feel on her body, body, body, body, babe  
This what she said, said she like  
kissin'  
Said she like touchin', said she like, said she like

This what she said, said she like teasin'  
Said she like pleasin', said she like, said she like, she said she like She loves the way I touch her  
body, body, body, body, babe  
She loves the way I feel on her body, body, body, body, babe  
This what she said, hmm, yeah babe, ooh  
This what she said, hmm babe, oh baby, oh yeah Let's go, get ah, get over here, crawl up under  
them, them sheets over there  
Yeah, drop that towel, let's do it again  
Wait, wait, wait, wait, let's not do it again, I'm too tired  
Huh, wake me up in about an hour, we go one more round  
Let's go to sleep
