

# Brodie Johnson Weekend

## Voodoo Glow Skulls

hey!...it's time to dance with danger  
hey!...put on your best wrinkled suit.  
it's time to set the night on fire  
the night is looking young and so am I hey!...we're going to defy the law  
hey!...going to paint this time tonight  
I've got all the special motions  
that make all the willing pretty ladies wild no, won't take that for an answer  
no, I can't wait all night for you hey!...out on the crowd dance floor  
hey!...I'm always on cloud 9  
no one wants to step to this muchacho  
some call me the bastard's son  
hey!...let's crash my big black caddy  
hey!...let's drive thru your backyard  
I've got the pedal to the medal  
don't give me attitude cuz I was born to be wild
