

# Is This Happiness

Lana Del Rey

I've been to Hollywood Hills taking violet pills  
Writing all of my songs about my cheap thrills  
You're a hard man to love and I'm a hard woman to keep track of  
You like to rage, don't do that  
You want your way  
You make me so mad  
Got your gun  
I've gone my dad  
Is this happiness?  
Is this happiness?  
Is this happiness?  
I've been to Hollywood Hills crushing violet pills  
You've been trying to write a novel 'bout your cheap thrills  
You think you're Hunter S. Thompson  
But I think you're fucking crazy as the day's long  
Man to man, heart to heart  
I love you but you drive me so far  
Wish you well on the star  
Is this happiness?  
Is this happiness?  
Is this happiness?  
Is this happiness?  
Witch Hazel, witch Hazel  
Betrayal, betrayal  
One gun on the table  
Headshot if you're able  
Is this happiness?  
Is this happiness?  
Is this happiness?  
Is this happiness?
