Feels Like Summer

Childish Gambino

You can feel it in the streets On a day like this, the heat It feel like summer I feel like summer I feel like summer You can feel it in the streets On a day like this, the heat I feel like summer She feel like summer This feel like summer I feel like summerSeven billion souls that move around the sun Rolling faster, faster and not a chance to slow down Slow down Men who made machines that want what they decide They're just tryna tell the children please slow down Slow down I know Oh, I know you know that pain I'm hopin' that this world will change But it just seems the same (It is not the same)You can feel it in the streets On a day like this, the heat It feels like summer I feel like summer I feel like summer You can feel it in the streets On a day like this, that heat I feel like summer (I feel like summer) I feel like summer (I feel like summer) Every day gets hotter than the one before Running out of water, it's about to go down Go down Air that kill the bees that we depend upon Birds were made for singing Waking up to no sound No soundI know Oh, I know you know my pain I'm hopin' that this world will change But it just seems the same I know

Oh, I hope we change I really thought this world would change But it seems like the sameI know Oh, my mind is still the same I'm hoping that this world will change But it just seems the same I know Oh, I hope we change Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
