

# Meet You At the Moon

Imelda May

We're looking at the same moon  
Though we're miles apart  
We're wishing on the same star  
When you're deep in my heart  
I don't know if you know but when we miss each other so  
Look up I'll meet you at the moon We're staring at the same sky  
Strangers it seems  
We're sitting on the same earth  
Though there's oceans between  
I don't know if you know but when we miss each other so  
Look up I'll meet you at the moon Umm... I'm part of you and you're part of me  
But it's a cold old world when your missing somebody  
Without you I wouldn't, couldn't be  
So when your heart is aching and you can't take much more breaking  
We're looking at the same moon  
Though we're miles apart  
Te're wishing on the same star  
Then you're deep in my heart  
I don't know if you know but when we miss each other so  
Look up I'll meet you at the moon  
Ummmm  
Look up I'll meet you at the moon  
Ummmmm
