

Can't Help Falling In Love

Pentatonix

Wise men say only fools rush in
But I can't help falling in love with you
Shall I stay? Would it be a sin?

If I can't help falling in love with you Like a river flows surely to the sea
Darling so it goes, some things are meant to be Take my hand, take my whole life too

But I can't help falling in love with you Oh, like a river flows surely to the sea
Darling so it goes, some things are meant to be Take my hand, take my whole life too

For I can't help falling in love with you
But I can't help falling in love with you
