

Christmas Day (feat. Jennifer Nettles)

[Michael W. Smith](#)

Snow covered rooftops
Lights on the trees
The sound of singing
I hear down every street Families have gathered
From miles away
Oh, Merry Christmas
It's Christmas day You see that old tree
Down Cotton Lane
Those lights keep shining
It's always the same
We hear the church bells
Ring out to say
Oh, Merry Christmas
It's Christmas day
Oh, Merry Christmas
It's Christmas day Swing the lights and hang the stockings
Decorate with green and red
Made the cookies for old Santa
Made a runaway for his sled Singing carols on a sleigh ride
Gather 'round the manger scene
Open presents, read the letter
And together we will sing Oh, Merry Christmas
Joy to the world
For every nation
For every boy and girl
Let's light a candle
For peace we pray
Oh, Merry Christmas
It's Christmas day
It's Christmas day
It's Christmas day Let's light a candle
For peace we pray
Oh, Merry Christmas
It's Christmas day
Oh, Merry Christmas
It's Christmas day
