Put down, count that shit

What that is?

OK! I threw that grip on her

Got her in the whip and threw that dick on her

She let my partner hit, she out there big hoeing

She get it how she live, she out there big hoeing

She get it how she live!

She butt naked twerking, tryna cop that Birkin

I cut behind the curtain, tow it down for certain

Told her I be back, she said you now where I be at

Right here popping pussy trying to push it to the max

She grabbing, threw that shit for daddy

Cause she never tripping ...some pussy and some nipples

She know the routine, knock her straight out the bikini

Then I bust her nut and then I play Houdini! Bitch you looking dumb... zero, one to one

He rapping like a hero cause he don't see my gun

She a stone cold old player, oh yeah, oh yeah

That's one stone cold ho yeah

Knew a bitch named Mona what she doing a corona

Make a nigga wanna own her and hater bone her

She acting like she concede it, but I know she just a...

She acting like she love me, I'm acting like...

She get it how she live, she out there big hoeing

She get it how she live!

She hold me real big, right fast, real quick

Gimmie the money and the joint, bitch past that shit!

Hold up! Hold ass that shit, yo count my check

Bitch cash that shit!

She wanted daddy with a fat wallet and frequent flier mileage

You never catch a bitch being one of my problems

Never let a bitch count one of my dollars

Never let a bitch pop one of my condoms
